## INTRODUCING OLIJVENKRAAL

---

Set in the heart of the Cape Winelands, Olijvenkraal is first and foremost a working farm driven by a deep respect for land, craft, and quality. Among productive olive groves and carefully tended vineyards, we produce limited batches of distinctive wines that reflect both place and patience.

From bold reds to refined varietals, each bottle is an honest expression of our terroir and hands-on approach to farming. While Olijvenkraal is celebrated for its food, hospitality, and unforgettable gatherings, it is our wines, crafted in small volumes and with uncompromising attention to detail—that form the soul of the estate.

## Olijvenkraal Shiraz

---

This Shiraz is a refined expression of Paarl terroir, crafted with precision and restraint. Concentrated dark berry and black plum flavours sit at the core, layered with subtle savoury spice and hints of black pepper and clove. Carefully judged oak adds depth and texture without overpowering the fruit, resulting in a wine that is both structured and poised. Polished tannins frame the palate, carrying through to a long, persistent finish that speaks to both balance and ageing potential.

Elegant in its youth yet built for longevity, this is a Shiraz that rewards patience while offering immediate appeal.
